

Carpentry and Masonry Trades

Gordon Cooper Technology Center offers full-time career pathways to high school juniors, seniors and adults. A student is eligible to receive college credit for most full-time career majors. High School students are eligible to receive math credit for various career majors. Courses are offered from 8:10 to 11:10 AM and 12:55 to 3:55 PM Monday through Friday. A student can choose to attend either the AM or PM session or both sessions. All students must be assessed before entering a career major.

The Carpentry and Masonry Trades career pathway is designed for job-ready or direct placement employment in the following occupational areas: carpenter, form carpenter, frame carpenter, brick block and stone mason, concrete finisher, roofing, drywall, ceramic tile, cabinet making and finish carpenter (exterior and interior) as well as an introduction to construction management and scheduling. Proficiency will be developed in basic layout skills, reading working drawings and basic estimating, forming, framing, cornice, and interior and exterior finish in both residential and commercial construction. Completers of this program are prepared to enter the work force at various levels of apprenticeship training.
